WE HAVE 1912 AMERICAN SOLDIERS

CUNARD :: LINER :: SUNK :: BY :: A :: SUBMARINE.

Over Two Hundred American Troops on Board Supposed to Have Been Lost.

The Tuscania.

TORPEDO TROOPSHIP; 267 MEN ARE MISSING

[BY A. P. NIGHT WIRE.]

WASHINGTON, Feb. 6.—The Cunard liner Tuscania, carrying 2179 American soldiers, has been torpedoed and sunk off the Irish coast. Official reports late tonight said 1912 of the officers and men had been saved and indicated that the list of rescued might prove even larger. The troops, composed chiefly of detachments of Michigan and Wisconsin National Guardsmen, were traveling on the Tuscania, a British vessel under convoy of British warships. A brief dispatch to the War Department from London this evening announced the disaster and reported the landing of only 1100 survivors. This was made public shortly after 10 o'clock and for more than two hours it was feared that probably 1400 men, including members of the liner's crew, had gone down.

REDUCED FIGURES CAUSE REJOICING.

When a message came to the State Department from the embassy at London saying at 11 o'clock tonight 1912 of the Americans had been accounted for, the joy of officials almost swept away the distress occasioned by the earlier news. The first 1100 survivors were landed at Larne and Buncrana, two widely-separated Irish ports, and this, coupled with the evident fact that rescue ships were at hand, quickly gave rise to hopes that nearly everybody on board the Tuscania except those injured by the explosion might have been saved.

The President, Secretary Baker and, in fact, all official Washington, were up late waiting for further news. Only the briefest dispatches were received and none gave details of the attack on the liner. Even the time was missing, but it was assumed that it occurred early this morning, as the first message was filed at London at 3 o'clock this afternoon, probably within an hour after the relief ships reached the Irish coast.

PRESIDENT AT THEATER WHEN NEWS RECEIVED.

The President was at the theater when the news was received and he was not told until he returned to the White House. In the meantime, the War, Navy and State departments had sent urgent messages by wireless and cable instructing their representatives in England and Ireland to forward every available fact immediately.

LIST OF UNITS ABOARD ANNOUNCED.

Because of the nature of the military organizations carried by the ship, the War Department announced that it would be impossible to say definitely what troops were aboard until the list of survivors was received. Later, however, the Adjutant-General's office made the list public. It follows:

Headquarters detachment and Companies D, E and F of the Twentieth Engineers; One Hundred and Seventieth Engineer Train, One Hundred and Seventh Engineer Train, One Hundred and Seventh Military Police, One Hundred and Seventh Supply Train, No. 100 Aero Squadron, One Hundred and Fifty-eighth Aero Squadron, Two Hundred and Thirtieth Aero Squadron, replacement detachments Nos. 1 and 2 of the Thirty-second Division, fifty-one casual officers. The Thirty-second Division is composed of National Guard troops from Michigan and Wisconsin. The division trained at Camp McArthur, Tex.

The One Hundred and Seventh Engineers was composed of the first battalion of Michigan Engineers; the One Hundred and Seventh Military Police was made up from the Fourth and Sixth Wisconsin Infantry, and the One Hundred and Seventh Supply Train from the Fourth, Fifth and Sixth Wisconsin Infantry.

Thus, all the soldiers are former Wisconsin and Michigan Guardsmen except those in the aero squadron, who probably were recruited from all parts of the country.

Neither the dispatch to the War Department nor that to the State Department, referred to the fate of the members of the Tuscania's crew. Undoubtedly many of them were saved, and when all reports are in officials hope that the loss of life will be remarkably small. The liner, which is not a regular transport, was under convoy and the warships apparently were quickly alongside for rescue work when the torpedo struck.

The first news was given here in this terse announcement from the War Department:

"The War Department has been officially advised that the steamship Tuscania was torpedoed and sunk and that survivors numbering 1912, as far as could be ascertained, were landed at Buncrana and Larne in Ireland. There was a total of 2179 United States troops on the vessel. No names of persons lost have been reported to the War Department and no names of survivors were reported. Additional particulars are promised as soon as received."

ANNOUNCEMENT BY STATE DEPARTMENT.

The State Department's dispatch gave the number of soldiers on board as 2173, six less than the War Department's report. It told of plans promptly made for caring for the survivors. The State Department issued this statement:

"The latest advices received by the State Department from the embassy at London regarding the Tuscania is that at 11 p.m., February 6, the latest information was that 1912 officers and men on the Tuscania were accounted for out of 2173.

"The Ambassador has sent an assistant military attache and another army officer to Belfast, Ireland. Representatives of the American Red Cross and the Y.M.C.A. also have gone,

American Troops Drive Back 20 German Raiding Airplanes

[BY ATLANTIC CABLE AND A. P.]

WITH THE AMERICAN ARMY IN FRANCE, Feb. 6.—Twenty enemy airplanes which endeavored to cross the American lines were violently shelled by the anti-aircraft batteries and driven off. Rain began falling heavily this afternoon and the pumps are being kept in the trenches and dugouts.

Artillery firing continues lively day and night and the American heavy guns registered well on important positions. The 75's and some heavies are now engaged in shelling a town within the enemy lines. There are no civilians there. The 75's are continuously shelling the enemy trenches with shrapnel and high explosives. Among today's casualties was a second lieutenant, who was hit in the arm by a sniper's bullet.

Two American aviators accompanied a French escadrille on a bombing expedition last night. The aviators dropped their bombs, and the squadron started on its return trip.

At daylight an enemy squadron of eight planes was encountered well above the clouds and a general engagement ensued. The Americans each picked out an enemy machine and within a few minutes one of them, a second lieutenant, got a stream of machine-gun bullets into the enemy. The German plane toppled over and fell towards the earth.

The other American failed to get his man. The French flyers warmly congratulated the young American, who had only recently graduated from the flying school, for their courage, coolness and efficiency.

Kultur. HUNS' WORLD-WIDE PLOT FOR STRIFE, TREACHERY AND WAR IS EXPOSED.

[BY A. P. NIGHT WIRE.]
WASHINGTON, Feb. 6.—Documents published today by the War Department in its series of exposing Germany's world-wide plot for strife, revolution and war, reveal the subject of a long and detailed dispatch received here tonight. They throw new light on the German naval headquarters in London, and give information about what was going on in the United States before the war.
The documents are printed in the official German press, and are the first of a series of disclosures which the War Department has begun with a circular dated November 14, 1914, sent to the German naval headquarters and ordering them to destroy agents who are overseas carrying war material to the United States and Russia. The documents are the first of a series of disclosures which the War Department has begun with a circular dated November 14, 1914, sent to the German naval headquarters and ordering them to destroy agents who are overseas carrying war material to the United States and Russia. DAYLIGHT CITY NEWS

Rain. ELEVEN ANGELENOS ARE INJURED IN ACCIDENTS DUE TO WET WEATHER.

ELEVEN persons were injured, two of them fatally, in a series of automobile, street-car and other accidents due to the slippery streets in Los Angeles today.
They are:
Mrs. Harry Harrington, No. 112 South Gramercy place, probable internal injuries.
Dr. Walter Gwin, No. 2210 Stephen avenue, broken leg and other injuries.
Mrs. Walter Gwin, No. 2210 Stephen avenue, broken nose and head injuries and possible fracture of the skull.
Dr. W. B. Barbour, No. 1718 North Alexandria avenue, head and face cut.
Mrs. W. B. Barbour, No. 1718 North Alexandria avenue, bruised and cut.
R. Roy Beider, No. 727 West First street, broken shoulder, fractured collarbone and other injuries.
R. K. Blakeslee, No. 225 Grettan place, dislocated shoulder.
Mrs. Lottie Atkinson, No. 161 South Flower street, sprained back and possible fracture of leg.
Mrs. I. I. Somers, No. 215 West Sixth street, fractured leg.
Wong Lee, No. 1222 South Figueroa street, contusions and abrasions.
Ester G. D. Doyle of Pala, Cal., head injuries; refused examination.
Elmer G. Woodwards, No. 1842 West Fifth street, refused complete examination.
The biggest accident, in which the first five were injured, occurred at Santa Fe and Blauson avenues. An automobile driven by Dr. Barbour, according to the police and Sheriff's office, crashed into a Santa Fe-avenue line car. The street car was standing still when the automobile, unable to make the turn, skidded and struck it. The injured were treated at the Receiving Hospital.
Father Doyle, who is the chaplain in an Indian reservation in Pala, and Woodwards and Beider were injured when Father Doyle's automobile, with Woodwards as a passenger, skidded into a street car at Fourth and Broadway, crushing Beider, who was crossing the street at the time, between the two vehicles.
Mrs. Atkinson received her injuries when she slipped on the pavement at Third and Spring streets. In a similar accident Mrs. Somers received injuries at Eighth and Hill streets.
Blakeslee was changing a tire on his automobile near Fourth and Broadway when another machine struck him and continued on its way.
Lee was crossing the street when he was struck by an automobile driven by G. P. Jacobs of No. 1941 Lovelace avenue, at Twelfth and Figueroa streets.
The injured were treated at the Receiving Hospital, taking it to capacity and keeping Assistant Police Surgeon Zorb and Nurse Pierce, Caldwell and Otis busy making room for new patients as they were being brought in.

France will Supply Half Million American Troops with Artillery by the First of July

AW MATERIAL FOR GUNS IS ALL OUR ALLY ASKS.

United States Forces Now Overseas are More Than in the Entire Army When We Entered War.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 6.—An announcement that France will supply half a million American troops with artillery by the first of July 1918, is a significant step toward the complete re-equipment of the United States army.

The French official spoke at a dinner given for the benefit of the French Red Cross, and the speaker, General Tardieu, French minister of war, said that the United States army now contains more than 100,000 men, and that the French army contains more than 1,000,000 men.

General Tardieu said that the United States army now contains more than 100,000 men, and that the French army contains more than 1,000,000 men.

Huns' World Plot.

(Continued from First Page.)

stands in countries of the coalition at war with Germany.

The propaganda will have for its aim the incitement of social movements, accompanied by strikes, revolutionary explosions, separatist movements and civil war, as well as an agitation in favor of disarmament and the cessation of the bloody war. You are to protect and aid by every means those at the head of the bureau of propaganda. These persons will furnish you with the necessary assistance.

Germany, according to the documents, made the greatest efforts to secure decisive action in Russia. The test of one circular shows that two of the principal German agents in 1914 were Zinoviev and Lenin, who played a well-known role in the Russian disturbances. Agents of the German government were provided with credits at banks in Russia and other countries. It also revealed that some of the most powerful German commercial organizations were complicated in the plot, especially in Russia.

ALL GERMANY ON EDGE WITH POLITICAL REVOLT

Radicalism in Ascendant, Conservatism Flung to the Winds, as Masses Insist on Justice.

(BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.)

[The following is the first of a series of articles by James O'Donnell Bennett, on the general subject of the strike and revolutionary movements in Germany, as gleaned by him from printed and oral reports out of Germany. The other articles will appear at irregular intervals as they are received by cable and direct wire.]

ALMO (Sweden) Feb. 6.—Patriotic catch-words, at which, in war time, even brave men dare not sneer. But reactionism has also a certain consciousness of its weakness and the consequent drive to language as truculent that the Kreiszeitung was suppressed for echoing its sentiments.

WAR STILL BRITAIN'S FIRST AIM, SAYS KING.

(BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.)

LONDON, Feb. 6.—King George, in his speech proroguing Parliament today, expressed his hope for a solution of the Irish problem. The King declared that a successful prosecution of the war still was Great Britain's first aim and endeavor. He alluded to the entry of the United States into the war and the defection of Russia. With reference to Russia he said: "The Russian revolution has opened her with the enemy have, however, served to prove that the armistice is as yet unobtainable. These tragic events have added to the burden of the war, but they have not impaired the vigor and loyalty with which one and all continue to pursue the war."

GOVERNMENT RAILROAD DEPARTMENT ORGANIZED.

Brotherhood Head Added to Temporary Staff to Deal with Labor.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 6.—The Director of the Division of Transportation, Carl R. Gray, Baltimore, today announced the organization of the government railroad administration, announced tonight by Director-General McAdoo, provided for retention of most of the personnel of the temporary staff which has served since the government assumed operation of the roads. It added W. N. Carter, chief of the Brotherhood of Engineers and Firemen, as director of the division of locomotives and rolling stock, and Charles A. Frost, director of valuation for the Interstate Commerce Commission, as director of the division of public service and accounting.

BRITISH LOSE FIFTEEN MERCHANTMEN IN WEEK.

Marine Losses About Equal to Previous Period Reported.

LONDON, Feb. 6.—The Admiralty reports fifteen British merchantmen sunk by mine or submarine in the past week. Of these, ten were 1,400 tons or over, and five were under 1,400 tons. Four fishing vessels also were sunk.

The British losses by mine or submarine during the past week are approximately the same as the previous week, when nine British merchantmen of more than 1,400 tons and six of lesser tonnage were destroyed.

TEUTON AIRPLANES RAID THREE ITALIAN CITIES.

ROME, Feb. 6.—Hostile airplanes continue to carry out raids against Venice, Mestre and Treviso. These cities were again bombed last night according to the official statement from Italian headquarters, but there were no casualties. The text of the official statement reads:

"Our patrols showed remarkable activity in capturing prisoners. There has been increased artillery action around the Brenna narrow and along the Piave."

CHICAGO HAIRCUT NOW FIFTY CENTS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, Feb. 6.—Enter the 50-cent haircut on the arm of H.C.L. The master barber today announced that he had voted the following scale for haircuts: Haircut, 50 cents; shampoo, 25 cents; manicure, 25 cents; pedicure, 25 cents. These prices will probably go into effect tomorrow.

ARMY CANNED FOODS.

FOREIGN HARVEST AMPLE FOR ALL DEMANDS—SAVE OCEAN TONNAGE.

(BY A. P. DAY WIRE.)

PARIS, Feb. 6.—An agreement has been concluded between the French and American governments by which the canned fruit and vegetable supplies required by the American expeditionary forces will be supplied by France. This action, taken after a joint investigation by experts of the United States Army purchasing board and French authorities, showed that the normal French and vegetable crop in France was sufficient to supply both armies as well as all domestic needs.

THREAT STAMPS USED AS DINNER SOUVENIRS.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 6.—Instead of finding the usual souvenirs with their place cards at the dinner of the Retail Millinery Association of America, held at the Waldorf-Astoria last night, the guests were surprised to discover that the United States government had been using the threat stamps as dinner souvenirs.

REAL RAINSTORM NORTH CROSSES THE TEHACHEPI.

Real Storm Descends Upon the State as Far South as Fresno.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Feb. 6.—A real rainstorm has descended upon the State.

Rain gauges are stopping over up on parched valleys and ranges. And there is more moisture to come, according to Forecaster E. A. Beck, head of the government Weather Bureau in this city.

Reports from the interior indicate a general rainfall in Northern California and as far south as Fresno.

The storm has extended as far south as San Luis Obispo, along the coast.

A total of 1.25 inches has fallen in the bay district in the last twenty-four hours.

Contrary to expectations, the mist which hung over the bay region most of yesterday developed in rain shortly before dark and continued throughout the night.

The heaviest downpour occurred at 7 o'clock this morning, when the rain fell in torrents for a few minutes.

Over a foot of snow has fallen already in the high Sierra. While this is but a small part of the usual depth of twenty feet which usually obtains at this time of the year, yet irrigationists feel that it is a start toward more to come.

The forecast predicted tonight that the storm would break over into Southern California, probably tomorrow.

The rainfall figures for the past twenty-four hours for stations in Northern California follow:

Station	Past 24 hours	Seasonal
Eureka	4.45	1.25
Red Bluff	3.4	4.47
Sacramento	4.4	4.4
San Francisco	1.25	1.25
San Jose	2.4	2.4
Fresno	1.0	1.0
San Luis Obispo	1.0	1.0

Shipping.

WEST TO SHIP PRODUCTS ON COAST BUILT BOATS.

Vessels Constructed in Los Angeles to Follow Army Over World.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, Feb. 6.—West coast built ships will take west coast products of factory and farm and mine and mill all over the world wherever the American Army or the American Navy want the supplies.

This has been determined by the officials of the Shipping Board who are enthusiastic over the idea because it makes immediately effective the new bottoms now being built in Los Angeles and other western yards and at the same time relieves the congested railroads of the haul over the country.

Los Angeles is the first city to raise the point and also the first to help all the ships bound for the East and west coast.

This week the purchasing department of the army let a number of contracts for roofing. Some of this will go abroad to distant destinations and some may go to Portland.

Risk not Over.

COAL SAVING TO CONTINUE; SUFFERING STILL MENACES

[BY A. P. NIGHT WIRE.]

WASHINGTON, Feb. 6.—Danger of widespread suffering from lack of coal still is imminent, Fuel Administration officials declared tonight, in announcing the continuance of the Monday closing order.

State fuel administrators have reported that thousands of homes in New York and other cities of the East and Middle West have no coal and cannot get it in sufficient quantities to make living conditions bearable.

This situation, coupled with today's Railroad Administration reports that freight and coal movement was almost at a standstill both yesterday and today in the East, prompted Fuel Administrator Garfield to announce that "the possibility of human suffering is too imminent to permit any relaxation in the present efforts to conserve and increase the existing supply of coal."

Dr. Garfield expressed the hope, however, that after next week railroad freight embargoes and preferential coal delivery orders may be used as substitutes for heatless Mondays to effect coal saving.

The Fuel Administration is considering issuing a request that all industries and business houses suspend operations next Tuesday, Lincoln's birthday.

Officials are now convinced that the industrial suspension has been effective in saving in quantities, and that the consumption at other times has not been in excess of the temporary shutdown.

Officials cited the report of the National Committee on Gas and Electric Service that in twenty-nine large cities gas and electric companies saved from 21 to 25 per cent. of their normal coal consumption on the free-day suspension between January 17 and 22, and on the heatless Mondays. These public utilities were said to furnish a fair index of the general saving.

Dr. Garfield expressed the hope, however, that after next week railroad freight embargoes and preferential coal delivery orders may be used as substitutes for heatless Mondays to effect coal saving.

New Bread Recipe

from Farmers' Bulletin 807.

Three-quarter cup milk, 3/4 cup water, 1/2 yeast cake, 1 cup corn meal, 1 1/2 tsp. salt, 1 tsp. sugar, 2 cups wheat flour, 1 tsp. butter. Pour milk and 1/2 c. water over corn meal, salt, sugar and butter. Heat gradually to boiling point or nearly to it, and cook 20 min. in double boiler. Cool, add flour and yeast mixed with rest of water. Mold; let rise until it doubles its bulk. Shape in pans, let rise again and bake 45 mins. in moderate oven. Yield, one loaf 8 1/2 x 4 1/2 x 2 1/2 in.

This bread is recommended by the Government to all housewives.

STRIKER TELLS WHY HE QUIT.

But Reason Now's Not Like His Reason Before.

Challenged, He Admits Men Spoke Threateningly.

Time Cards Report Success of Agitators.

James F. Holway, who joined the striking iron workers recently, was called by Attorney Barnhill, for the Southern California Iron and Steel Company, as a witness yesterday in the suit before Judge Finlayson to restrain the members of Amalgamated Iron, Steel and Tin Workers and Golden Gate Lodge local No. 1, from harassing employees of the plant or interfering with furnishing war material for the government.

Mr. Holway, a young man, vividly remembered by being in court, said he left the employ of the company because of his conscience.

He had previously testified that going to and coming from work, groups of strikers would talk to him. He could not identify these strikers, although he had seen the men before.

Two men he did not know and whom he never saw again, halted him at a street corner, he said, and told him he had better quit work. He told them he would not.

Attorney Barnhill produced Mr. Holway's affidavit and read a portion "to refresh your memory." This referred to the occasion when the witness was told he had better quit work. He was asked by Mr. Barnhill if the strikers had not said to him:

"We know where you are working. You are working on the rolls and you have lied to us."

Attorney Schenck wanted to know if Mr. Barnhill was trying to impeach his own witness. Judge Finlayson indicated that Mr. Barnhill may have been taken by surprise. He thought there was a difference between Mr. Holway's testimony on the stand and what he said in his affidavit.

"What's the use of arguing?" the court finally said to Mr. Schenck who was putting his construction on the matter. "It's splitting hairs."

Mr. Schenck then made an objection, but the court asked that the former question be read. This was "Having had your recollection refreshed, now tell the court to your best recollection what was said to you at the time these strikers accosted you."

"Well, they told me the best thing I could do was to quit work on the

HOW TO MAKE VICTORY PASTRY.

One-Cup of Wheat Flour Substitutes Many Eggs.

The Federal Food Administrator for California, Ralph A. Merritt, has written to Bishop & Co. of this city regarding the latest ruling as to pastry. The letter, which was received yesterday, is as follows:

"I beg to advise that the rule applying to bakers of pastry has been changed."

"The present ruling is as follows: Pastry (which includes all bakery products except bread) may be made with one-third wheat flour substitute and called 'Victory Pastry.' Such pastry may be sold for consumption on wheatless days. Housewives are expected to follow home card instructions."

"Kindly spread this information as widely as you can among bakers of pastry in your city."

UNITED STATES FOOD ADMINISTRATION.

It was said in a kind of a threatening manner," he admitted. Time cards were introduced giving the latest ruling. "The strikers got them," as an explanation why certain employees quit.

DETECTIVES' PAY RAISED

Board of Supervisors Acts Favorably on Ten Demands for More Salary.

The Board of Supervisors, despite opposition on the part of certain county officials, yesterday passed the ten questioned salary demands of detectives attached to the District Attorney's office.

John J. Hamilton was the sole supervisor who dissented, while those who voted in favor of it were Judge, who introduced the resolution, and Supervisors Woodley, Delaney and McCallan.

WILCOXON CASE CONTINUED.

Because of another case on trial in Judge House's court yesterday the trial of Dr. L. O. Wilcoxon, charged with obtaining money from Beate Hale on the alleged representation that he was a detective from the office of the District Attorney, was continued yesterday until next Wednesday. The amount involved is \$150.

Descendant of Peggy O'Neal Weds.

Mrs. Milton E. Steinberger, who was in Paris when the war broke out and immediately volunteered for nursing service. She was married at Riverside yesterday.

Two are One.

SOUTHLAND'S FIRST WAR NURSE IS NOW A BRIDE.

Frustrating the avowed intention of friends to add some distinctive features to their wedding ceremony, Miss Pearl Virginia Timberlake, who was the Southland's first war nurse, and Milton E. Steinberger, who was the Southland's first war nurse, were married by Rev. Milton C. Dotten, rector of All Saints' Episcopal Church.

A descendant of Peggy O'Neal, noted figure of the Jackson administration, Mrs. Steinberger was in Paris when the war broke out. She immediately volunteered for nursing service with the British Red Cross, and through the efforts of the Duchess of Marlborough, she was transferred to the American Red Cross. October, 1916, and was the first lecturer for the Red Cross in the

"FOREWOMAN" OF THE JURY IS TITLE NOW.

POSITION OCCUPIED BY MAN RELINQUISHED IN AN ASSAULT TRIAL.

"Foreman of the jury" has been a title relegated to male monopoly since the dawn of legal creation. These age-worn legal prerogatives, however, received a tender feminine jolt yesterday when Rose C. Bryant emerged from the juryroom of Judge McCormick, followed by two women and nine men, constituting the jury which handed the court a verdict declaring Yeabel Rodriguez guilty of assault with a deadly weapon.

Foreman Bryant took charge of her task with an untroubled demeanor that made many a juror feel that she was a woman of the court.

Rodriguez was arrested on November 27, 1917, on charge of assault with intent to kill E. Okasaki, a Japanese farmer, near Monrovia. According to the testimony, he wished to quit the employ of the Japanese and demanded three days' wages, which the Oriental refused to pay at the time. Angered over this refusal, Rodriguez went after a gun and, returning, shot Okasaki.

Physicians who examined Okasaki's wound declared, according to the testimony, that the Japanese had a miraculous escape from death. The bullet entered his hip and penetrated the abdomen, where it still remains. Rodriguez will be sentenced tomorrow.

It is the unanimous opinion around the Courthouse that women jurors have made good. In Judge Meyer's court Tuesday a jury upon which were three women, reached a verdict in a delicate case in twenty minutes. In Judge Taft's court yesterday a jury upon which four women jurors sat reached a unanimous verdict in two hours.

"We would like to sit on a jury in this department every day," the jurymen declared. In short, they enjoyed the experience.

MINING MAN DIES.

Henry Kehoe, a mining man of Spokane, Wash., died at his home, No. 1110 South New Hampshire street, yesterday morning. Mr. Kehoe had been the representative of a number of mining companies of the United States and Canada for the last twenty-five years. He is survived by three sisters and two brothers. Funeral arrangements will be decided upon the arrival of a brother from San Francisco.

HOTELS FILLED WITH TOURISTS.

Publicity Campaign in the East Brings Results.

Work Should be Permanent, Says D. M. Linnard.

New Commercial Projects Likely to Follow.

"From certain defeat to positive victory" was D. M. Linnard's summing up yesterday of the results of the come-to-California advertising campaign, of which he is the chairman. Mr. Linnard has as his barometer the Huntington, Maryland and Green hotels in Pasadena, and the Fairmont and Palace in San Francisco. From the hotel managers of Southern California he has received assurances that the present winter season is to be a most successful one.

"Our reservations have increased 100 per cent, since the placing of the advertising," he said. "Assuming that the results in full, at the rate the reservations are coming February 10 will, as usual, date the 'peak load' of our business, which continues until late in the spring."

"This campaign was the most remarkable I have ever known. For much good \$20,000 can do when it is spread over the country in full-page and half-page advertisements. I could not have foreseen such astonishing returns."

EXPECT LONG SEASON.

"It has been estimated that our hotels are handling at the rate of \$1000 a day, and there has been no such thing as a cancellation since the campaign started. The East, correcting the impression that trains to the Pacific Coast would be discontinued."

"Already officials are now predicting that the season will be much later this year, and will continue until the late spring. Not only have hotels benefited, but all business and commercial houses are showing added trade. America's tourist season, which has been picked up during the last two weeks, which is a sure sign that everybody is participating in transient prosperity."

"Now is the time for the permanent organization to exploit Southern California. Plans are being made to hold a convention of the Southern California Editorial Association at an early date. The body crystallizes methods for conducting a year-around publicity drive."

NEW INDUSTRIES.

"The service of the newspapers has been invaluable during the campaign just closed. Their special editions have been mailed to thousands of readers who have friends and relatives here, eliciting the inducement of the past for their coming to Southern California."

"I am looking for large new commercial projects within the next year. Our famous natural resources of heat, light and power, coupled with the low cost of living, are a combination that capital and labor cannot resist."

BENEFIT BASEBALL TO BUY UNIFORMS.

A benefit baseball game to buy uniforms and equipment for the submarine base team is being planned by Pat Higgins and Capt. Murray. The Submariners will have one of the strongest nines ever assembled on the Coast, a number of big-league stars having enlisted for the undersea work.

The Submariners line up as follows: Ehmske, Wells and Billman, pitchers; Byler and O'Connor, catchers; Whaling, first base; Flick, second base; Schmitt, third base; Rader, shortstop; Bender, left field; Meusel, center field; De Mott, right field. Roy Myers is the utility player.

DELAY APPROPRIATION.

The Council yesterday postponed for one day action upon the request of Police Chief Butler that \$5000 be transferred from the police department salary fund to meet the expense of remodeling the annex to the West First-street Station. The money was spent without first securing permission from the Finance Committee.

EX-PASTOR IS STILL MARRIED.

Rev. L. W. Klinker Unable to Prove Wife's Former Husband was Alive.

Because Rev. L. W. Klinker, formerly pastor of a Christian church in Assin, could not prove that Charles U. Smith, former husband of his wife, Leta A. Smith Klinker, was alive at the time of his (Klinker's) marriage, Judge Wood yesterday denied Mr. Klinker a decree annulling his marriage to Mrs. Klinker. A unique case thus was short-lived.

Mrs. Klinker, in her answer, declared that Charles U. Smith had been dead ten years before she married Mr. Klinker. It is possible that Mr. Klinker is the man who had been married to Mrs. Klinker. At any rate, Mr. Klinker had insisted before marriage that she either take proceedings to have Mr. Smith declared legally dead or file suit for divorce from him.

Mrs. Klinker had chosen the latter alternative and filed suit in Colorado, obtaining a decree from Mr. Smith last May, the alleged desertion and failure to provide. Before the final decree was handed down, Mrs. Smith married Mr. Klinker. This was in the following June. The marriage evidently was not a happy one. Attorney W. M. Moore, Jr., asked for Mr. Klinker in the annulment action.

LIVE EVERY DAY AS A TRUE AMERICAN PATRIOT

The destiny of our country depends, not lightly, upon solving the problem of conserving wheat. Let us go about this solution according to true American tradition. Our government has designated one meal a day and two days a week as WHEATLESS and we all heartily follow these instructions.

The standing of our country today proves that our forefathers solved their problems in no uncertain manner. Then let us emulate these deeds, let us do more than requested. Let us volunteer to make each meal a WHEATLESS meal by serving on our table only such bread, cakes, pies and pastry as may be properly termed "VICTORY" PRODUCTS. This name, authorized by our President, is applied to all products made according to certain government baking regulations.

We can easily assist you to make every meal a truly WHEATLESS meal.

All of Jevne's bread, cakes, pies and pastries are correctly termed "VICTORY" PRODUCTS, and have been especially created to enable you to serve WHEATLESS products on your table on WHEATLESS day or any other day. From now on, Jevne's will bake nothing but "VICTORY" PRODUCTS.

Jevne's Bread, Cakes, Pies and Pastries are sold by all Good Grocers in Southern California and Arizona.

The Problem of Eating

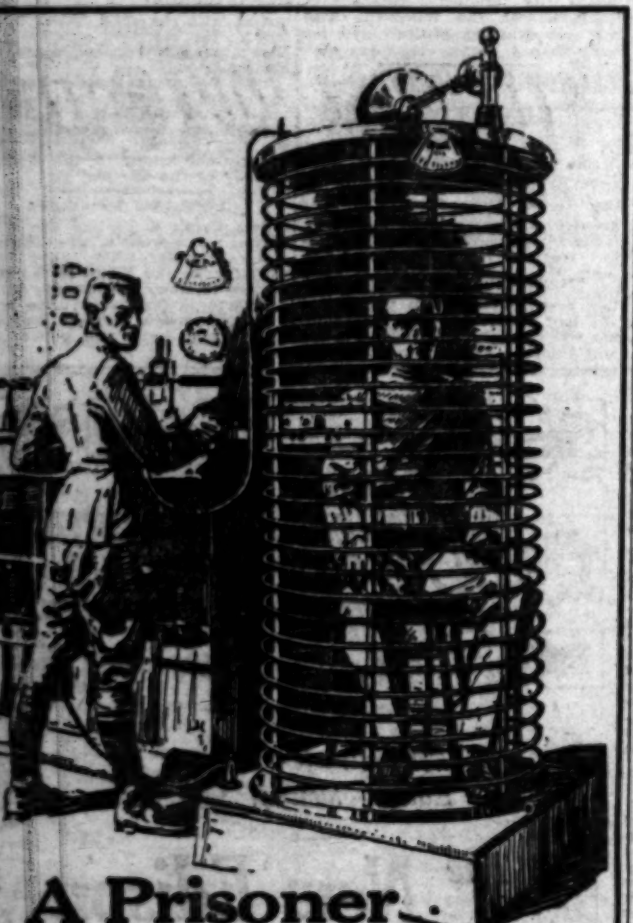

WE EAT for two reasons—to sustain life and for the "joy" of eating.

Good, pure, wholesome food, well cooked, and attractively served in a dining-room that is bright, spotlessly clean and cheerful, not only aids digestion, but improves the disposition.

We truly believe that we have solved the problem of eating to the complete satisfaction of thousands who morning, noon and night can be found in some one of our conveniently located dining places. Incidentally, we are doing "our bit" to reduce the high cost of living.

BY VIRGINIA WOODS

Announcement. Interest to a large circle of people is the marriage in Pasadena, of William H. Vatcher, really one of this city, and Miss Elsie Vatcher, which was solemnized in the American Church.

Vatcher is a son of Mr. and Mrs. H. J. Vatcher of Los Angeles, and was entertained at a large and elaborate dinner upon arrival of the bride. Vatcher is a member of the Pasadena Yacht Club, and is also a graduate of a former American Consul in Germany and one of her former consuls. Vatcher is a graduate of the University of California, and studied in both Paris and Berlin. For a time Mr. and Mrs. Vatcher will be at home at the Vatcher apartments.

A beautifully appointed luncheon announcement was made of the wedding of Mrs. Elsie M. Klapp of this city and James H. Klapp of San Francisco. The wedding took place on February 14th in the American Church. The bride was a member of the Pasadena Yacht Club, and is a graduate of the University of California. The wedding was attended by a large circle of friends here, in addition to William C. Klapp, brother of the bride, and other relatives. The wedding was a most successful one, and the wedding party was most attractive.

SOCIETY.

BY VIRGINIA WOODS.

Amusement. In a large circle of friends, the marriage in San Francisco of William H. Vatcher, realty man of this city, and Miss Elsie, which was solemnized in the Methodist Church.

Vatcher is a son of Mr. and Mrs. J. Vatcher of Los Angeles, and was a large and distinguished figure upon arrival of the bride. Vatcher is a niece of Mrs. Vatcher, Pasadena capitalist, who is the young couple's godmother. The bride is a graduate of Wellesley college and one of her friends, Mrs. J. Vatcher, is the head of the chemical works in Pasadena. For a time Mr. and Mrs. Vatcher will be at home at the home of Mrs. Vatcher.

Amusement. The marriage of Mrs. Helen M. Knappton and James H. Knappton, of the San Francisco office of the architect, during the wedding ceremony, which was held at the home of Mrs. Knappton, who is a niece of Mrs. Vatcher, Pasadena capitalist, who is the young couple's godmother. The bride is a graduate of Wellesley college and one of her friends, Mrs. J. Vatcher, is the head of the chemical works in Pasadena. For a time Mr. and Mrs. Vatcher will be at home at the home of Mrs. Vatcher.

DRAMA.

Now and Later.

PLAYS AND PICTURES.

ATTRACTIONS OF THE WEEK

AND THOSE TO COME.

Mason. All the enthusiastic praise that was given "Turn to the Right" before its arrival in Los Angeles has been amply sustained by the Smith-Hazard comedy, now current at the Mason, and to those who are familiar with its record-breaking performance in New York, Chicago, San Francisco, and elsewhere, it is not surprising that it is literally taken the city by storm. From early morning until late evening there is a long line at the box office, and latecomers have been turned away. The play is a performance that has a play score such an instantaneous and emphatic hit. Although its stay could probably be lengthened into a "run" with profit to all concerned, its engagement is limited to two weeks, terminating Saturday night, February 16. Matinees will be given Tuesday and Wednesday nights, Wednesday and Saturday, and seats for all the remaining performances will be placed on sale this morning.

Theda Bara HERE TOMORROW.

Theda Bara will arrive in Los Angeles tomorrow morning. Word has been received that she is on the Santa Fe train that will reach here at 9 o'clock in the morning. The star is particularly anxious to begin work on a new production of immense proportions, preparations for which have already been made. Miss Bara's coming just at this time has given a new impetus to her, as she has expressed the wish to be in Los Angeles during the run of "Cleopatra," the making of which brought her to this country for her first visit last summer. Telegrams have been sent to her telling of the triumph of the play at the Clune's Auditorium, and seeing it here, she declares, will be one of the happiest things that have happened to her. It will be remembered that Miss Bara rushed across the continent to get to the premier of "Cleopatra" in New York, and now she is hurrying back in time to see the "William Fox triumph of which she is the star at the place where it was created.

Miss Bara will doubtless have a great deal to tell her friends and the world that she will accomplish while here this time. She will also give a large dinner party to her admirers whom she gathered to herself during her first visit to this country. The Santa Fe train that she is on now is the same one that she was on when she was here before, but coming this time from the far west, where she has been increasingly popular.

WISPER. The Village Post. And now Lillian Elliott, who, though she does some compulsory work at the Clune's, is really right in the class with the historic "Little Johnny Read" in her anti-vice "The Sifted Seed," is recently back from scores of our best citizens in her stand against the prevailing vices.

In point of fact, Miss Elliott is rather embarrassed in the matter. Yesterday she received a letter from a young man, asking her to appear in a play, and she is now in a dilemma as to whether to accept or not. She is a very popular actress, and her appearance in a play would be a great help to the cause.

Amusement. The marriage of Mrs. Helen M. Knappton and James H. Knappton, of the San Francisco office of the architect, during the wedding ceremony, which was held at the home of Mrs. Knappton, who is a niece of Mrs. Vatcher, Pasadena capitalist, who is the young couple's godmother. The bride is a graduate of Wellesley college and one of her friends, Mrs. J. Vatcher, is the head of the chemical works in Pasadena. For a time Mr. and Mrs. Vatcher will be at home at the home of Mrs. Vatcher.

CLUNE'S AUDITORIUM.

"Cleopatra," with Theda Bara, in the second week at the Clune's Auditorium, is still playing to capacity. In spite of one of the biggest "show weeks" in the history of Los Angeles, it has been a long time since a production with the tremendous drawing powers of "Cleopatra" has been produced at the Clune's. The play is a performance that has a play score such an instantaneous and emphatic hit. Although its stay could probably be lengthened into a "run" with profit to all concerned, its engagement is limited to two weeks, terminating Saturday night, February 16. Matinees will be given Tuesday and Wednesday nights, Wednesday and Saturday, and seats for all the remaining performances will be placed on sale this morning.

Superior. Only three more days remain for Los Angeles playgoers to see "The Wife He Bought," the sex problem drama of the Clune's Auditorium. The play is a performance that has a play score such an instantaneous and emphatic hit. Although its stay could probably be lengthened into a "run" with profit to all concerned, its engagement is limited to two weeks, terminating Saturday night, February 16. Matinees will be given Tuesday and Wednesday nights, Wednesday and Saturday, and seats for all the remaining performances will be placed on sale this morning.

Palace. Marguerite Clark and Fatty Arbuckle, the brilliant stars of the Palace this week, will step aside on the coming Sunday in favor of William H. Hart in his recent Artcraft success, "The Narrow Trail." Dainty and clever, "The Narrow Trail" is a play that has a play score such an instantaneous and emphatic hit. Although its stay could probably be lengthened into a "run" with profit to all concerned, its engagement is limited to two weeks, terminating Saturday night, February 16. Matinees will be given Tuesday and Wednesday nights, Wednesday and Saturday, and seats for all the remaining performances will be placed on sale this morning.

Quinn's Rialto. Only three more days are left that cheerful little star, Mabel Normand, will be seen on the screen at Quinn's Rialto in her mystery and comedy from the pen of Edgar Selwyn, "Dodging a Million." Without a doubt, those who have witnessed a performance of the sprightly and versatile little lady in this glittering play have left Quinn's Rialto with a pronounced feeling of gladness and enjoyment. There is not dull moment in the play and during the six reels many novelties to the screen are introduced. Beginning next Sunday "Our Little Wife," from the pen of Avery Hopwood, begins at Quinn's Rialto, with Mabel Normand as a feature of the play.

Millie's. William Farnum, the famous actor in pictures, in Victor Hugo's immortal classic, "Les Miserables," is to be seen at Miller's Theatre for one week, beginning Sunday. This is a magnificent production for Farnum, who is responsible for Farnum's other classic, "A Tale of Two Cities." Those who have seen Mr. Farnum's portrayal of Jean Valjean declare that he has made that heroic figure actually live. He has given it a vibrant spirit and personality and Victor Hugo has surrounded his big star with a magnificent supporting cast, including Jewel Carmen, Dorothy Bonner, Sonia Markova, and little Kittens Hatcher. Fanny Ward's first picture play, "Innocent," is to be seen at Miller's this week.

Alhambra. "Herold France" is the title of the new official French war film to be featured on the new Alhambra bill starting next Sunday. These are the latest films sent to this country by permission of the French government and in them is graphically set forth the activities of the heroes of that hard-pressed country, who are valiantly defending their beloved land against the foe of democracy. Airplanes are seen in action, big guns are almost heard roaring, so close is the camera when they spit forth their missiles of destruction, captured Hun are seen coming out of their trenches with their hands up. The companion feature on this bill is the latest Fox special feature, entitled "The Heart of Romance," a bright, cheerful comedy-drama of surprise played by a cast of Fox favorites, including Jane Carrice. That hilarious Lehrman comedy, "Hungry Lions in a Hospital," is keeping the house in an uproar of laughter this week, and the other two features, "A Heart's Revenge," a five-reel thriller with Sonia Markova, and the latest French war picture, are also pleasing the audience.

Symphony. One of Charlie Chaplin's best is now being shown at the Symphony in connection with the big feature play, "Salt of the Earth." It is not a new picture and then again it is, for it has been pruned and retitled in a way that makes it more than ever enjoyable. The burlesque on "Carmen" was originally made in four reels, but the present picture only runs about thirty-five minutes, every one of which is full of fun. "Salt of the Earth" is an intensely interesting play, one of the clearest western stories ever filmed.

Kinema. Many stars of the film firmament scintillate in "The Devil Stone," at the Kinema this week. Geraldine Farrar, beautiful and radiant as ever, could stand alone. Nevertheless, her few productions boast the number of really able actors and actresses that "The Devil Stone" has. Wallace Reid, Tully Marshall, Hobart Bosworth, Mabel Van Buren, Ernest Joy, Gustav Van Seften, and several others, were brought to the star. "Italy's Heroic Struggle on the Roof of the World," in its dramatic intensity and sublimity of

CLUNE'S BROADWAY.

The patrons of the Broadway are certainly finding much to interest and amuse them this week in the latest photo-production of Charles Ray, entitled "The Hired Man." The play is an exceptionally clever vehicle, picturized particularly for the screen, and a rare piece of Julian Josephson, the popular magazine writer. In this production the director and author have left a wide margin between the characters Ray has heretofore portrayed, and we find him far from the "mother's boy" type, and instead as a big, strapping fellow chuck full of sincerity, honesty, and pluck. There are some exceptionally effective scenes throughout the picture, including a fire in which an entire fair building is sent up in flames, while a real County Fair week in an instant. The play is a performance that has a play score such an instantaneous and emphatic hit. Although its stay could probably be lengthened into a "run" with profit to all concerned, its engagement is limited to two weeks, terminating Saturday night, February 16. Matinees will be given Tuesday and Wednesday nights, Wednesday and Saturday, and seats for all the remaining performances will be placed on sale this morning.

Tally's Broadway. The success of the first two productions featuring Constance Talmadge, "The Henchman" and "Vandal," was so pronounced that the demand from photoplay patrons everywhere was so insistent for more stories of the same sort, that Tally's Broadway director decided that his charming little star should be given the opportunity to portray the role of a young American girl in several more pictures. "The Studio Girl," at Tally's Broadway this week, is the third of Miss Constance's productions, and like the first two it gives her many opportunities for a display of her talents as a comedienne. Petrova, the magnificent, comes to Tally's for eight months, will be produced from her own studio production for the first National Circuit, "The Light Witch."

Garrick. Dorothy Phillips, the well-known Jewel Producing star, whose recent acting in "Ray Me" and "Queen of the Barbary Coast" in "Hall Morgan's Girl," won her a place in the first rank of emotional actresses, comes to the Garrick Sunday as Queen of Little Hell in "The Grand Passion," a seven-reel doo-lux photo-drama, based on Thomas Addison's popular novel "The Bone of Power." Three masculine stars are in her support, William Storck, Leon Chaney, and Jack Mulhall. The bigger scenes are staged in a honky-tonk dance hall, the social center of a newly established town made of

STEAMSHIP SHARES PROVE WALL STREET FAVORITES.

Usual Leaders in Industrial and Railway Divisions Irregular.

NEW YORK, Feb. 6.—Steamship shares and a few special issues bearing no direct relation to that group were the outstanding features of today's stock market, the usual leaders in the industrial and railway divisions showing an irregular trend.

Trading again was restricted by reason of domestic economic conditions resulting from the more serious tip-off of transportation and decreasing fuel shortages. Further reduction of capacity was reported from important manufacturing centers, the steel and iron industry being most affected.

The movement in shipings was attributed to rumors of forthcoming developments beneficial to those lines. Maritime preferred made a gross gain of 3 points, Atlantic City 1-1/2, Pacific Mail 2, and others 1 to 3 points.

Tobacco, sugar and a score of unrelated stocks reflected the further activity of bonds at gains of 1 to 3 points. Lorillard Tobacco gaining 15 points and Underwood Typewriter 12.

United States Steel was again under constant pressure, its partial rally in the final hour falling to 30. Steel closed at a net loss of almost a point and allied industrial, motor, oil and secondary equipment declined 1 to 3 points.

Rails were under the additional handicap imposed by the difference between operators and employees.

FINANCIAL.

Bank of America, N. Y. & C., Feb. 6, 1918. Assets \$1,144,481.51, as compared with \$1,144,481.51, as reported Feb. 5, 1918.

GOOD DEMAND FOR MINING SHARES.

TOM REED RECORDS ADVANCE OF SIX POINTS AT SESSION.

The mining shares were in good demand at the session of the Los Angeles Stock Exchange and National Pacific, on account of the pending oil legislation in Congress, was also active. Tom Reed recorded the greatest advance of the day when the metal issue moved up to a high of 45, a gain of 6 points over last week's close.

Gold Ore and United Eastern were unaltered and the miscellaneous Outman received more attention on the part of the public. Union Oil was slightly lower and there was the customary trading in Liberty Loan bonds.

The annual report to the stockholders of the Union Oil Company was sent out through the mail yesterday by the office of the Executive Committee. This report showed that for the fiscal year ended December 31, 1917, of \$17,144,849.01, net income of \$1,492,848.51, after deducting general expenses, taxes and amortization of shares of profit, which aggregated \$1,492,848.51, interest charges of \$1,492,848.51, provided for depreciation of \$1,492,848.51, and war income and excess profits taxes, the net profit for the year was \$7,442,134.13, against \$7,254,448.13 in 1916.

Profit of the Union Oil Company in 1917, before deducting depreciation and war taxes, was equivalent to 15% per cent. on the average outstanding capital stock. Production of the company and controlled companies was 420,154 net barrels of oil for the year ended December 31, 1917, an increase of 22 per cent. over the previous year. The consolidated balance sheet of the Union Oil Company and owned companies showed total assets on December 31, 1917, of \$17,144,849.01.

W. P. Skewell & Co. are offering to investors an issue of \$250,000 6 per cent. guaranteed first mortgage certificates of the Barge Canal Ranch. The bonds are secured by a first mortgage on 1932.78 acres of land in San Joaquin county, of which the owner appraised at \$275,000. The certificates are guaranteed principal and interest by the Western Mortgage and Guaranty Company of San Francisco.

CORN PRICES HARDEN IN CHICAGO MARKET.

OATS SET BACK BY POSSIBILITY OF MAXIMUM PRICE BEING SET.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 6.—Assessments that for the remainder of this season no prospect existed of a pressure of foodstuffs on the market tended today to harden prices of corn. Prices averaged slightly higher throughout the session and closed steady at a shade to 1-1/2 cent net advance, with March 1-1/2-3 and May 1-1/2-3-4. Oats finished 4-1/2-5 to 5-7-8 and provisions off 25 to 27.

Data underwent a setback in value owing largely to suggestions of the possibility of a maximum price being established.

Forecasts of larger receipts of hogs sent provisions sharply down.

PRODUCE MARKET IN SAN FRANCISCO.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Feb. 6.—Receipts of produce today were: Apples, 400 tons; bananas, 400 tons; citrus fruit, 100 tons; grapes, 100 tons; lettuce, 100 tons; melons, 100 tons; peaches, 100 tons; pears, 100 tons; plums, 100 tons; raisins, 100 tons; strawberries, 100 tons; tomatoes, 100 tons; watermelons, 100 tons.

MINING OUTLOOK.

GENERAL mining conditions have been somewhat improved during the past few weeks. The improvement is due to the fact that the market price of mining shares has risen.

GOLD ORE.

With very important developments in the future, the price of gold ore is expected to rise.

Unusual Profits.

Our 10% crop mortgage certificates, carrying a bonus of one-half the net profits of the crop, give the element of conservatism and profits that run extraordinarily high.

All government, State and expert authorities agree on the safety and wonderful profits for 1918.

30% of a crop and one-half of the present top price returns 63% to the investor.

50% of a crop and one-half the present top price returns 133% to the investor.

70% of a crop and one-half the present top price returns 200% to the investor.

It is an extraordinary opportunity. We do not think you can find anything else that is so conservative and authoritative and that yields anything like the returns that are offered by the present opportunity.

Send for detail figures or call and examine the reports of authorities.

Members of the Italian Fishermen's Protective Association are planning a big picnic for the benefit of the Italian war relief fund. A flag

The simple you make your daily tasks, the more readily will you have them accomplished. I don't think somewhere in your overcrowded day a place where you can eliminate something like a better sale in efficiency? You know, in offices, just as in the home, there are inventions that have had a wide sale and never achieved a very practical purpose. Sym-

There is hardly a business house in the country that could not throw out some half of its book-systems and not miss them. On the contrary, the gain in simplicity of operation and the saving in expense would be a compelling leap forward.

But the employer, the executive, who sits at his desk and delegates the completion of the work to other men are not so sure of the wisdom and value of it in his systems, so it leaves an opportunity for each of us, when we have a system to follow, to find out by working out for ourselves if it is a necessary one; and if it is, whether it can not be reduced in some of its processes.

every little while. Every man and woman who keeps has to go over her home and eliminate a lot of worthless stuff that has outlived its usefulness—every little while you and I have to go over our stock of clothes, as we have our stock of nothing, and discard the things that are not needed any more; then why should we not do the same with our daily tasks? To eliminate the unnecessary, means money saved in supplies for the unnecessary tasks, as well as time, which is even more to be valued.
